

Inspire Scholarship 2021

Through this scheme, the government offers scholarships of Rs 80000 to 10000 students every year for five years until the completion of the course whichever is less. Through this scheme all those students who want to pursue their education in the science stream but because of their financial status are unable to do so, are provided financial assistance. Inspire Scholarship 2021 is one of the components of the inspire scheme. The inspiring scheme has three components which are schemes for early attraction of talent, scholarship for higher education, and opportunity for research careers. The government offers various types of awards, internships, scholarships, and fellowships through this scheme so that each and every student can get the opportunity to pursue higher education.
