

One Future Collective Internship Program 2022

They're starting a formal internship and volunteering program for those of you that want to work with them while studying, alongside other work commitments or while you may be on a sabbatical. All internships are paid. Volunteering is for projects that do not generate any revenue and require a few hours a week - They take volunteers for roles that do not substitute paid employment. They are curating an internship program for high school and college students across ages to work, learn and grow with them. However, it is open to people not within formal educational systems as well.

Eligibility –

- For high school and college students across ages to work.
- It is open to people not within formal educational systems as well.

Types of Internships:

- **Research and curriculum development:** work on researching issues of social justice, developing curriculum for courses and building resources with other team members. This may also include a chance to work on research studies.
- **Product and program management:** develop and support the management of operational and technical infrastructure for key programs, products and policies.
- **Digital marketing and content creation:** develop content in the forms of social media posts, reels, videos and more for digital media. Assist in digital marketing and media production if of interest: including SEO management, podcast and video editing etc.
- **Advocacy:** develop and support the implementation of advocacy programs, efforts to build counter power and narratives and capacities of change makers.

Steps for Application –

- Read: https://docs.google.com/document/d/1hFvFIBfrCftztARr49lat_-jAmq9YhVUhFre-zM7bho/edit
- Apply here: <https://forms.gle/37soKP067XScwrnL8>
