

Amazon Future Engineer Scholarship 2023-24

Amazon Future Engineer Scholarship is an initiative of Amazon that aims to transform the lives of academically gifted and financially needy students, preferably girls from all over India by enabling access and support of engineering, computer science, and related professional education.

Amazon inspires young people to pursue careers in the fields of Computer Science, Engineering, and Technology. It also strives towards making the youth better creators, builders, and thinkers. This scholarship program aims to offer holistic learning opportunity to girl students in India who wish to become tech experts.
