

JSW UMEED Scholarship for Students

JSW Umeed Scholarship program is an initiative of JSW Foundation to support students who are at the risk of dropping out of education as they have very little no financial support for their further education owing to a COVID-led crisis (family financial) in their family. Due to pandemic more than 1.5 million schools were closed which affected 247 million children enrolled in elementary and secondary schools, which further added to the risk of them slipping into child labor and unsafe migration.

JSW Umeed Scholarship program will assist such affected students with scholarships for them to continue their education without any hindrance.
