

(STEP) Social Transformation and Educational Platform North - East

A MERIT- AND-MEANS EMPLOYABILITY PROGRAM FOR WOMEN

The STEP Fellowship provides employability skills to underserved women. Our desired and expected outcome is that, following six months of dedicated financial support and learning guidance, each Fellow will emerge to be more employable.

STEP will provide the training pro bono to the Fellows.

A team of professionals will audit the progress of every Fellow every month.

The assessment will be done equitably, keeping in mind that the Fellows will have different degrees of learning agility, and also different financial and social circumstances.
